

**"YOUR SOURCE FOR TRAY TAGS & MAILING LABELS"**

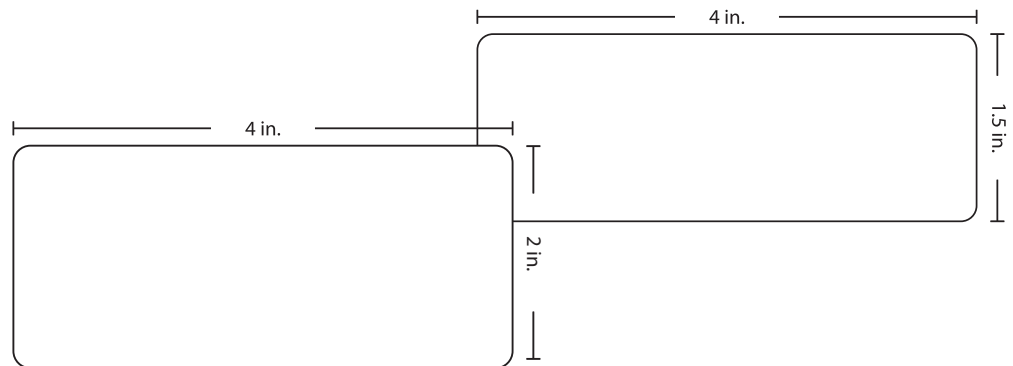

## EZ FLATS MAILING LABELS

This direct thermal label is used with flats mailings and is used in conjunction with many different popular pieces of automated equipment. We were approached by a customer seeking a more cost effective solution to their growing need for this label.

We were able to provide the customer a quality label

manufactured to exact specifications while providing them considerable savings.

Today, in business, any savings in supplies translates directly to the bottom line and the bottom line is, we all need to do our part to maximize profits any way we are able during these changing times.

**Currently, American has this same label in 4 configurations**
